Test Discontinued
Eosinophil Count

Eosinophil Count (EO COUNT)

Effective Wednesday, October 21, 2009, the University of Colorado Hospital Clinical Laboratory has discontinued Eosinophil Count (EO COUNT). A total eosinophil count can be obtained by ordering CBC plus DIFF. The total eosinophil count displays in the electronic medical record as EO# (component of the Automated Differential) or ABS EO (component of the manual differential).

CPT Code 85025, or 85027 + 85007 will be billed dependent upon whether an Automated Differential or Manual Differential is required to obtain the result.

Please call Lorne Holland, MD., at 720-848-7050 if you have any questions or visit our website at <http://www.uch.edu/for-healthcare-professional/Clinical-Laboratory/index.aspx> for additional information.
