## Test Update Fat Qualitative Stool (FAT ST) Referral

Due to the low volume of requests, UCH Clinical Laboratory will be sending Fat Qualitative Stool (FAT ST) testing to a reference laboratory until further notice.

Effective Monday, June 20, 2011, samples for this testing will be sent to ARUP Laboratories. Turnaround time for the assay is 24-48 hours.

Test Name	Fat Qualitative Stool
Method	Qualitative Microscopic/Stain/Heat
Specimen	Random Stool in a clean container
Patient Preparation	None required
Minimum volume	5 g aliquot
Performed	Daily
Reported	24 – 48 Hours after receipt
Reference Interval	Normal
CPT Code	82705

Please call Dr. Lorne Holland 720-848-7050 if you have any questions or visit our website at <http://www.uch.edu/for-healthcare-professional/Clinical-Laboratory/index.aspx> for additional information.

Issued 6/14/2011
