Test Update Amylase Method Change

Effective Wednesday November 30, 2011, the UCH Clinical Laboratory will change to a new method for testing of Amylase in both serum and body fluid samples. This new method is formulated as recommended by the International Federation of Clinical Chemistry (IFCC.)

The only change seen with this new method will be with the patient reference ranges:

<u>Old Amylase</u>	<u>New Amylase</u>
36-128 U/L	28-100 U/L

There will be no changes to current sample type or order names.

Please call Ron Lepoff, M.D. at 720-848-7044 if you have any questions or visit our website at <http://www.uch.edu/for-healthcare-professional/Clinical-Laboratory/index.aspx> for additional information.
