

TEEN DAY

"I realized I
was not alone
any more"

Education and
Guidance for
Teens Dealing
with Addiction
Around Them

This one day program
uses interactive games
and activities to learn
about the disease of
addiction and the role it
plays in the family system.

Who Should Attend

Teenage (age 13-18) family members, friends and co-workers of alcoholics or addicts and teens who have been otherwise affected by the disease of addiction

Note: This program is not for teens suffering from addiction themselves; but rather one connecting teens with similar stories to provide an opportunity for connection, support and trust.
