Test Update
Cytomegalovirus Antibody IgM

As of October 10, 2008 results for Cytomegalovirus Antibody IgM tests will be delayed due to a manufacturer back order of supplies. All samples are being sent to our referral lab with a 24-48 hour turn around time. Testing is expected to resume in the Clinical Lab by November 10, 2008.

Please call Dr. Lorne Holland at 720-848-7050 if you have any questions or visit our website at <http://clinlab.uch.edu> for additional information.
