Test Update
Serum Protein Electrophoresis

As of December 2, 2008 any Serum Protein Electrophoresis (SPEP) order that is placed within 3 days of a prior SPEP will be considered a duplicate order and automatically cancelled. Due to the half-life of serum proteins, meaningful changes in SPEP results do not occur in less than 3 days.

Please call Dr. Lorne Holland at 720-848-7050 if you have any questions or visit our website at <http://clinlab.uch.edu> for additional information.
