**Test Update – Hansel Stain
Change to testing criteria**

Effective immediately the Clinical Laboratory will perform Hansel Stain testing when the urine WBC/hpf result is outside normal limits ($>0-5$ WBC/hpf). If the urine WBC/hpf result is within normal limits, the Hansel Stain test will be cancelled and credited.

Please call Lorne Holland MD at 720-848-7050 if you have any questions or visit our website at <http://clinlab.uch.edu> for additional information.
