Blood Collection Container Update

UCH Conversion from Greiner to BD Products

Beginning immediately - over the next 60 days, the blood collection tubes pictured below will move from Greiner to BD manufacturer. The current Greiner product will be consumed and automatically be replaced by its BD equivalent product.

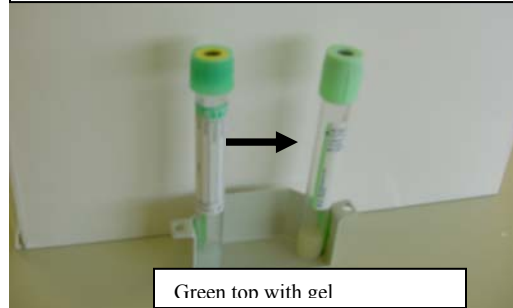

During this transition, both old and new products listed below will be accepted by the laboratory as equivalent products.

Lawson #57830 Mfg GVNA 456073 →
BD 367986

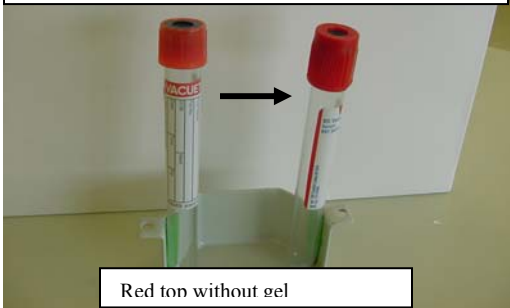

Red with gel → **Gold** with gel (both are acceptable submissions)

Lawson #16997 Mfg GVNA 456087 → BD
367962

Green ton with gel

Lawson #57831 Mfg GVNA 456089 →
BD 367815

Red ton without gel

Lawson #58469 Mfg GBIO 456085 →
BD 366408

White top no additive → Clear top no additive

Please contact Lorne Holland M.D. at 720-848-7050 if you have any questions or visit our website at <http://www.uch.edu/for-healthcare-professional/Clinical-Laboratory/index.aspx> for additional information.
